

方法 2. 暫時性排除，且需重新執行檢索

The screenshot shows the Airiti Library website interface. The browser is Windows Internet Explorer. The address bar shows the URL: <http://www.airitilibrary.com/#Search/KeywordSearch?SearchField=%0906%04E01%070EP%04B8C%04>. The search results show a list of items, with the first item selected: **Potassium Maleated SBR Ionomers Prepared with Epoxidized SBR**. A context menu is open over this item, with the option **Download this file** selected. Two numbered callouts are present: **1** points to the search result, and **2** points to the download option in the context menu.
